

SmartBrowser

Content Management System

- for **BDL 3220QL, BDL 4220QL**
- BDL 4620QL, BDL 5520QL**
- BDL 4235DL, BDL 4260EL**
- BDL 4660EL, BDL 4765EL**
- BDL 5560EL, BDL 4280VL**
- BDL4660 VL**

Centralized content management and distribution
Local configurable scheduling

Deploy digital signage in many environments
Perfect for retail, stadiums, hospitals, and more

Zero monthly or annual subscription overhead
No physical media player needed

The innovative "SmartBrowser" is the next step in the evolution of digital signage. By streaming content through designated websites directly, without a physical media player involved, digital signage becomes more intuitive and flexible.

SmartScheduler

- 7-event scheduling
- Day parting
- Power on browser (no external control required)
- Wireless accessible with 4G LTE router
